

ULTRA SEAM US-16 WALL PANEL

COMMERCIAL, INSTITUTIONAL, MILITARY

ULTRA SEAM US-16 WALL PANEL

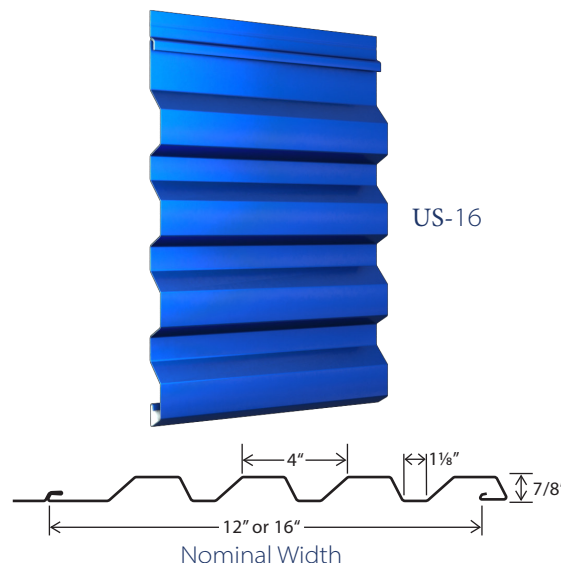

The Ultra Seam US-16 Wall is a very popular wall panel with a simple installation process. This panel has a 16" wide coverage with a 7/8" height and 4" rib pattern, with a 2" reveal. This profile has 4 ribs and can be installed horizontally or vertically. These panels also have the option to be used with a clip to allow for expansion and contraction.
